

2022 Report on the Council of Conferences
September 2022

The council met in the spring and will be meeting again this fall. At this point in time, we have not yet nailed down a meeting date. All Star I usually names two delegates. It is the Council's hope that those delegates will be confirmed at the Governance Council meeting and details provided to CoC so we can keep them in the loop.

There will be a few topics of discussion at the CoC fall meeting. There will also be opportunity for feedback via the FB page and/or emails. Anyone is encouraged to reach out to the delegates and then to the Council with ideas for cross-conference issues.

One of the issues the Council is highlighting is End of Season Pelling. The Council encourages conferees to consider 1-2 weeks of EOS work if they can.
